

CONSENT FOR TELEHEALTH CONSULTATION (PHONE AND VIDEO CONFERENCING)

1. I understand that my health care provider wishes me to engage in a telehealth consultation. Telehealth includes phone, video or a combination of phone and video conferencing.
2. My health care provider explained to me how the phone or video conferencing technology that will be used to affect such a consultation will not be the same as a direct client/health care provider visit due to the fact that I will not be in the same room as my provider.
3. I understand that a telehealth consultation has potential benefits including easier access to care and the convenience of meeting from a location of my choosing.
4. I understand there are potential risks to this technology, including interruptions, unauthorized access, and technical difficulties. I understand that my health care provider or I can discontinue the telehealth consult/visit if it is felt that the videoconferencing connections are not adequate for the situation.
5. I have had a direct conversation with my provider, during which I had the opportunity to ask questions in regard to this procedure. My questions have been answered and the risks, benefits and any practical alternatives have been discussed with me in a language in which I understand.
